WHO WE ARE

English for New Bostonians (ENB) ensures access to high-quality English classes so that immigrants across race, education, and migratory backgrounds can pursue their aspirations and contribute to a Commonwealth that fully values their talents and voices. ENB supports 20 high-quality ESOL (English for Speakers of Other Languages) programs across Boston neighborhoods.

We drive innovation in the field – ESOL Pathways, English for Immigrant Entrepreneurs, ESOL for Parents & Caregivers, online/hybrid models – and train instructors in classroom technology and online instruction. ENB convenes programs to cultivate peer learning communities where teachers can troubleshoot, build relationships, and share best practices.

ENB engages partners across business, philanthropic, government, and community sectors, elevating student voices to inspire allies, and shaping policy to fuel our high caliber ESOL programs. ENB is an ally to English language learners and immigrant communities, a resource to service providers, and a partner to employers, municipalities, and government agencies. ENB's solutions embrace social and economic justice as the realistic pathway to economic mobility and the thriving of our great city.
