YMCA International Learning Center
In 2019, English for New Bostonians was honored by being selected to be part of a cohort of 8 New England nonprofit organizations selected by the Social innovation Forum as a 2019 Social Innovator.

Each year, the Social Innovation Forum (SIF) selects a cohort of Social Innovators through a six-month evaluation process that brings together a range of stakeholders, including funders, practitioners, and leaders from business and academia. Once selected, Social Innovators receive 24 months of focused support from SIF and its partners, including consulting, executive coaching, and presentation advising. A five-month consulting engagement culminates with SIF’s annual Showcase event, where Social Innovators pitch to an audience of over 350 local leaders in business and philanthropy. After the Showcase, Social Innovators stay in the SIF portfolio and can continue to access support and services from SIF and its in-kind partners. ENB was selected as the nonprofit in the social issue track of Immigrants, Refugees and Asylum Seekers.

As a Social Innovator, ENB has worked with SIF consultants to develop a forge ambitious goals, which our Board embraced – positioning ENB for growth with the full commitment of our Directors.

With the support of the SIF ENB has set two-year goals, which include:

- Expanding reach by 25% to provide high-quality English classes to 2,400 immigrants in greater Boston
- Increasing customized classes for job-seekers, parents, and entrepreneurs
- Creating an ESOL Institute to fuel teacher professional development and innovation
- Expanding outreach and advocacy activities to stimulate increased public/private investment in English classes
FINANCIAL REPORT - FY 2019
