Tap the talents of your workforce with English Works Business Services

"We have great employees, but without the English, we don't have the ability to nourish their talents."

English for New Bostonians (ENB) designs high-quality, cost-effective workplace English training tailored to your company's needs.

- **Stop wasting time translating basic instructions**
- **Reduce work errors**
- **Improve employee retention**
- **Provide a benefit employees will value for their families**
- **Promote equity and inclusion in your company.**

ENB's experienced team will help you secure state funding and design a program around your people and your goals.

Breadth of Services in Greater Boston:

- **Needs Analysis:** Worker surveys/language assessments, interviews with supervisory staff to identify priorities and logistics.
- **Training Design:** Tailored to customer or client service, production, management skills or pre-lean, all with vocabulary and course content specific to your work environment. Classes scheduled with work shifts in mind, with virtual and hybrid options available.
- **Funding Application:** Prepare winning applications for sizable grants from the Massachusetts Workforce Training Fund.
- **Class Delivery:** We can deliver the class or bring in an additional ESOL partner with expertise.

"ENB is a valuable asset to have on your side for establishing a workplace ESOL program."

"We've seen a significant improvement in employee skills and advancement, increase in motivation and teamwork."

By partnering with English for New Bostonians, you also gain access to a pool of jobseekers in our network who are studying English and preparing for employment and advancement opportunities.
